Instructions

Use the Smorgasbord as a starting point to negotiate what will be included in your relationship (as well as what might be nice in the future or what is completely off the table).

1. Each participant marks their own own individual desires and dislikes:
 - If you do not have a preference, leave it blank/unmodified
 - "O" desired items: draw a circle around the list item box you want now or in possibly in the future (best to make the circle larger than the list item box)
 - "X" disliked items: draw an X through the list item box that are off the table (best to make the X larger than the list item box)
2. Together, all participants negotiate and mark results
 - "●" agreed items: fill in the circle you drew around the list item box y'all mutually agreed upon
 - For marked items, consider discussing and negotiating: exceptions, exclusivity, frequency, power dynamics, priority, and privacy
